

Invitation

Landcare21 Celebration

in recognition of the 21st anniversary of
landcare

Baralaba | Tuesday 31st August 2010
9:30am onwards

In 1989, the ACF & NFF signed an historic agreement that signified a commitment to the landcare ethic.

Please join us in celebration of the first 21 years of landcare in Queensland, to acknowledge the individuals and groups that have made significant contributions to the success of landcare.

A series of celebration events will be held across the state, during the remainder of 2010. Each event will celebrate the achievements of local landcarers.

The Landcare21 draft Plan was launched as part of these celebration events. The Plan has been developed by Landcare Queensland in consultation with the Queensland landcare community. Come along and contribute to developing this landcare plan for the future.
