## Books by Jill Morris

### Argonauta Octopus Navigator

This book tells the lifecycle story about the tiny octopus whose parchment-like egg case becomes a Paper Nautilus, prized by beachcombers. Six species of Argonaut are found in the warm seas of the world. The story features *Argonauta nodosus*, Knobbed Argonaut. A truly international book for 5-12 year-olds, school libraries and families.

Price: \$19.80 Members Price: \$16.50

### Australian Owls, Frogmouths and Nightjars

Australia's night birds are depicted in magnificent paintings, accompanied by whimsical verse and informative prose. Silver award winner of the Children's book council of Australia.

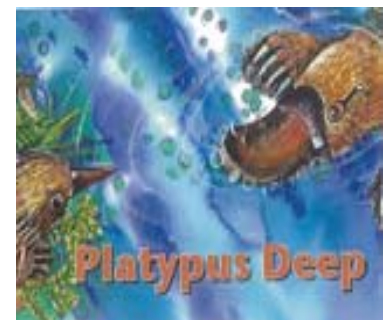

Jill Morris' imaginative text and Lynne Tracey's gouache illustrations range from (true) narrative stories to poems and scientific reports. Something to capture the imagination of the whole family.

Price: \$19.80 Members Price: \$16.50

### Platypus Deep

When Orni the platypus leaves his home on a quiet creek, in search of a deeper pool, he discovers that the creek has been home to many platypuses over millions of years. Includes several endangered species which live in the creek near Maleny, Queensland.

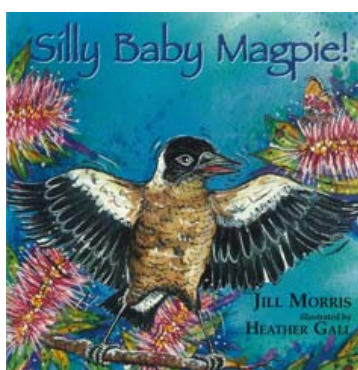

Cost: \$19.80 Members Price: \$16.50

### Silly Baby Magpie!

A comical magpie fledgling learns the skills needed for survival in a rural/urban world. Told in rhymed verse with information.

Price: \$14.30 Members Price: \$11.50
